

Sportsmobile for Sale

One of a kind 100% Custom to set you free from roads and borders

What Is A Sportsmobile?

A Sportsmobile is a Class B motorhome or van motorhome. To be classed as a motorhome, the Sportsmobile must include four of the following:

- (s) Stove or *microwave
- (s) Refrigerator
- (s) Fresh water supply, sink
- (s) Propane or 110V system
- * Porta Potti or marine toilet
- * Heating or A/C (110V)

(s) Included in Standard Equipment Package

* Additional cost option

Sportsmobile 4WD System

The Sportsmobile 4WD Vehicle is for the most discerning of off-road enthusiasts. Only the best heavy-duty components are used to give the absolute best off-road performance while maintaining exceptional on-road performance. This combined with over four decades of experience designing and manufacturing van campers makes the Sportsmobile 4WD a truly unique product.

"Equip your Sportsmobile to satisfy your specific needs and whims." Ok I need my SMB set up to support my off-road motorcycle racing. That is exactly what they helped me do. This SMB can hold a full size motorcycle inside and still seat 4. Nothing was held back in the quest to make this the perfect support vehicle.

This one of a kind SMB not only got special interior parts but it was the testing vehicle for the custom made Dever springs and Bilstein Racing Shocks valved to SMB weight

and suspension travel specs. This SMB rides like no other on or off-road.

Sportsmobile for Sale

Never Stop Exploring

Penthouse Top

Expandable top lets you have a lower vehicle height when driving and a 6'10" ceiling when camping and sleeps two. Five large-screen windows provide 20 square feet of cooling cross-ventilation, panoramic visibility to enjoy the scenery during the day and the stars at night, and lots of natural skylight.

Sportsmobile's Safety

After the basic van emerges as a Sportsmobile, it goes through a rigorous systems testing and final inspection. The propane, 12 volt, 110 volt and plumbing systems must meet RVIA's exacting installation and testing standards. All Sportsmobiles comply with applicable Federal Motor Vehicle Safety Standards.
